

Digestive Pelvic Floor Centre

Direct Access Endoscopy

What is Direct Access Endoscopy?

Direct Access Endoscopy is a streamline service for cancer screening and GI health provide by Digestive Pelvic Floor Centre based at Strathfield Private Hospital. Eligible patients will no longer be required to wait for the consultation in the specialist's room prior to the endoscopy and they will have access to service within 2-3 weeks from the referral. Direct Access Endoscopy is a no-gap billing service for patients (medicare eligible) who are adequately insured*.

*patient will be required to pay hospital excess based on the insurance policy

*overseas or self-funded patient can contact centre for a quote for service

Why should you choose Direct Access Endoscopy with Digestive Pelvic Floor Centre?

- ✓ No lengthy wait for consultation
- ✓ Quick access to procedure
- ✓ Easy steps of booking
- ✓ No out of pocket fee for procedure, anaesthetic and pathology

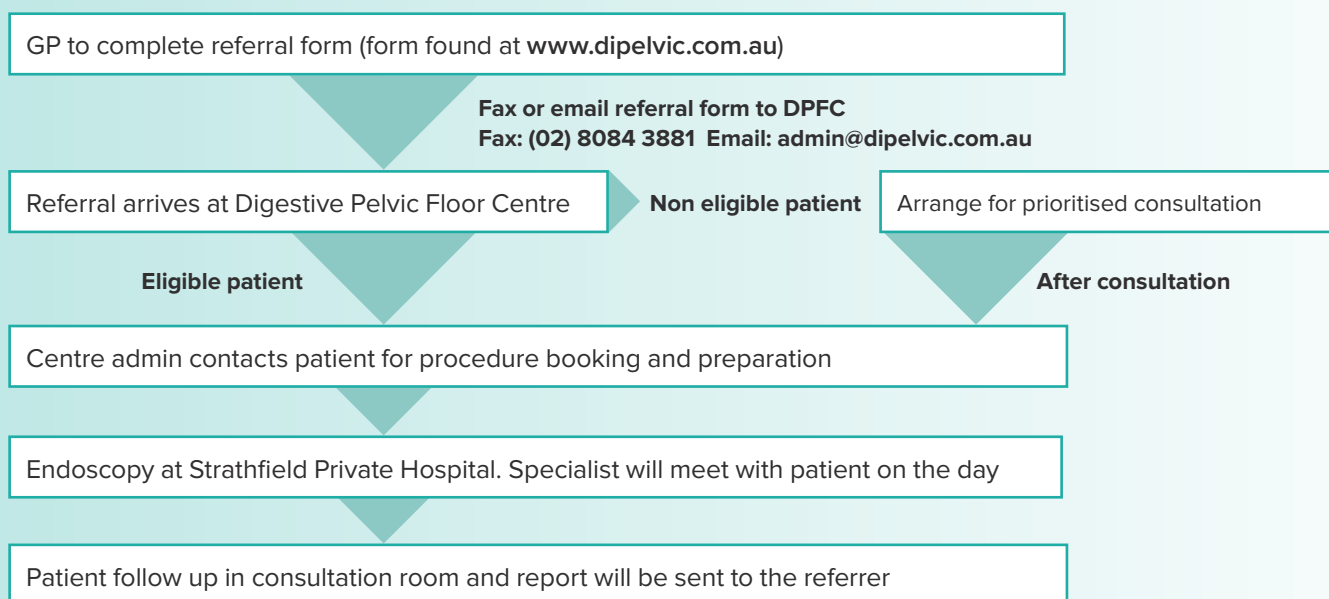

Who is this service for?

Patients will be eligible for direct access endoscopy if they:

- are under age of 80
- have uncomplicated health
- take limited medication
- are privately insured or self-funded

For patients with complicated medical background who requires endoscopy, a scheduled consultation is recommended prior to booking of procedure. A priority appointment will be given to the triaged patients for the rapid access of endoscopy.
